

Request for collaboration with the World Dog Federation.

I request to enter into collaboration with your federation and to obtain recognition from you as a WDF partner.

I will constantly advertise the WDF federation on my websites and social channels to promote the federation's activities in my country.

All my national activities will always follow the objectives set in a correct and ethical way for the protection of dogs.

I am aware that all allies and members of the WDF federation will be recognized by me as friends of the system and in no way will my actions cause damage to the very image of the federation and its members.

In order to confirm and promote this recognition I leave you the data and information about me and my activity.

I will also make direct contact with your representative in my country present in the list of official Members, and if there is not yet a representative in my state I will contact the world secretariat directly.

I hope for global growth of WDF and will try to get in touch with other countries I know.
